E. coli LB_3: Cardiolipidome

Retention time (min) vs. m/z. Points are color-coded by the number of carbons and size-coded by peak area (counts).

- Peak area: 0, 500, 1000
- Color codes:
  - # of Carbons:
    - 52: red
    - 54: orange
    - 56: brown
    - 58: yellow
    - 60: green
    - 62: light green
    - 64: dark green
    - 66: olive green
  - Peak area (counts):
    - 0
    - 500
    - 1000
